

Dear Co-Chairs Cohen and Gresko, Vice-Chairs Slap and Palm, Ranking Members Miner and Harding, and members of the Environment Committee,

On behalf of Jeremiah Boobar located residing in Ridgefield CT and working in Wilton CT, I write to ask you to support Raised House Bill 5291, An Act Authorizing Bonding for Bikeways, Greenways, and Recreational Trails.

This important bill would increase the bond authorization for the Recreational Trails and Greenways Grants program to \$6 million. In Fall 2021 DEEP issued a request for recreational trails proposals with only \$3 million available. It received 65 applications requesting over \$22 million, of which the highly ranked proposals alone totaled over \$7 million. Although \$3 million was granted to twenty worthy projects, we expect the ongoing need for investments in Connecticut's outdoor recreation infrastructure to continue.

[Add something here about why you think investing in recreational trails is so important to your work and/or to Connecticut. You are welcome to borrow ideas from CFPA's related testimony last year and the UCONN Extension Trail Census impact series.]

Thank you for the opportunity to submit testimony on this matter.

Sincerely,

Jeremiah Boobar
